### Economic News

The US Real GDP increased at an annual rate of 2.3% in the fourth quarter of 2024.

Inflation measured in the 12-month Consumer Price Index (CPI) percentage change was 2.9% in December 2024. The Personal Consumption Expenditure Price Index (PCE) change was 2.6% in December 2024. The Fed's objective for inflation continues to remain at a 2 percent average and they expect to return to this level over time.

The Fed left the fed funds rate unchanged to a target rate range of 4.25 to 4.5 percent in the January 29<sup>th</sup> FOMC meeting. Ongoing rate changes are undecided, but the Fed will continue restrictive monetary policy. The Fed believes this will assist in lowering inflation.

The US Dollar slightly strengthened with the US Dollar Index at 108.49. Oil prices have increased to \$73.81 a barrel.

### Market Events
